

Brisbane City Squash Committee Meeting

Monday 23rd August 2010

Present: Ross Brazier, Craig Simmich, Peter Smith, Kim Schramm, Susan Hird.

Daryl Hearn arrived for the last part of the meeting.

Meeting commenced: 1.00pm (Held at Wavell Squash Centre following Northside Grading)

Competitions:

Grading this morning seemed to be successful, with most teams falling easily into place. Northern Suburbs, Caboolture & Sandgate didn't send representatives.

The new summer season will commence 27.9.2010

It was suggested that all players be registered. This would be an ideal avenue for collecting player information e.g. email & mobile, so that we can ensure that players are fully informed of any information they need & thereby lessening the load on Centre Operators.

Ross hasn't received any response yet for the Flexi squash idea (Police, fire, ambos etc). He will continue to follow it up.

Judiciary: Susan brought the meeting up to date on the complaints currently being looked at.

Both instances, the players have been given warnings. A full report will be made available & placed in the secure section of the website along with the minutes.

Juniors:

The juniors subcommittee met on Thurs 19th Aug. They are keen to be a part of the selection of positions with regards to junior camps etc.

The committee is also going to continue with "The Bugle".

Expressions of Interest for junior training camps, trainers, managers etc have been sent to all centre operators. Applications close 20.9.2010.

The expectation is that training camps will be held 4 times a year.

Web Site:

Susan will send Craig a short version of the minutes which can be posted on the main pages.

The full minutes will continue to be kept in the secure admin area.

Promotion:

Peter is continuing the grants process with regards to the portable courts.

It is a slow process, but a work in progress.

Daryl arrived at the end of the meeting to report he had been having discussions with Toyota in reference to sponsoring the competition. Discussions are in the early stage.

Meeting closed at 2.00pm

Next meeting – 9.30am - Mon 20th August
